*The reason most people never reach their goals is that they don't define them, or ever seriously consider them as believable or achievable. ~D.W.*

## DAILY

**GOALS**  
Write down your goals every day! This keeps them in sight and at the top of your mind.

**TOP PRIORITY**  
Increase your efficiency by making sure your top 3-5 priorities get done first, every day!

**TASKS**  
Whether you "check them off," "X them," or even "draw a line through them," the effect is the same... it feels great to cross things off your to-do list! That little checkmark gives you a sense of accomplishment.

**24-HOUR SCHEDULE**  
Manage your time like an expert with your 24-hour schedule. Your life is organized and under control 24/7.

**DAY REVIEW**  
Train your mind to focus on what went well and how to improve, rather than on what went wrong.

**NOTES/IDEAS**  
'Bullet' style area — space for your creativity, ideas and notes.

A sample page from the planner showing a daily layout with sections for goals, top priority, tasks, 24-hour schedule, day review, and notes/ideas. The page is titled 'February 3rd' and features a grid for tasks and a section for notes. The notes section contains handwritten text and a drawing of balloons. The page is decorated with a watercolor splash in the top right corner.

## Set Reminders with Alexa

Set Alexa Reminders either by voice command or in the Alexa app.

You can say:

- "Remind me to pick up dry cleaning."
- "Remind me to schedule a car service appointment."
- "Remind me at 4 pm to call Janet."
- "Remind Josh to unload the dishwasher every day at 8 pm."
- "Remind Dad to buy milk at 7 pm."
- "Remind everyone to drink water at 9 am."

**The reminder is announced on the device you spoke the request to.**

You can also set or edit reminders in the Alexa app on your mobile device.

1. Open the Alexa app .
2. Open **More**  and select **Reminders**.
3. Select **Add Reminder**, then enter the details you want, including the Alexa device you want to announce the reminder.
